FLAAR Reports

Nicholas Hellmuth and Jose Melgar

October 2011

Fast UV Flatbed Printer

JETRIX 2030 FRK

Please Note

This report has not been licensed to any printer manufacturer, distributor, dealer, sales rep, RIP company, media or ink company to distribute. So if you obtained this from any company, you have a pirated copy.

Also, since this report is frequently updated, if you got your version from somewhere else, it may be an obsolete edition. FLAAR reports are being updated all year long, and our comment on that product may have been revised positively or negatively as we learned more about the product from end users.

To obtain a legitimate copy, which you know is the complete report with nothing erased or changed, and hence a report with all the original description of pros and cons, please obtain your original and full report straight from www.large-format-printers.org.

Your only assurance that you have a complete and authentic evaluation which describes all aspects of the product under consideration, benefits as well as deficiencies, is to obtain these reports directly from FLAAR, via www.wide-format-printers.NET.

Acknowledgments	23

We have moved these downloads to another part of our immense reference archive.
After an initial period based on factory inspection, to update these reports we prefer to have a site-visit case study of an actual end-user using this model of wide-format UV-curing flatbed printer.
